# The Premium Line KO-GA

## KG01-CA

**String Post :** Aluminum & Carbon tube shaft

**Finishes :** XCK (X-Cosmo Black) XG (X-Gold)

**Gear Ratio :** 1 : 16

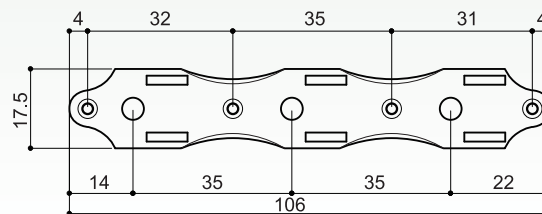

**Plate Material :** Carbon fiber

e.g. : KG01-CA-XG-M  
KG01-CA-XCK-BM

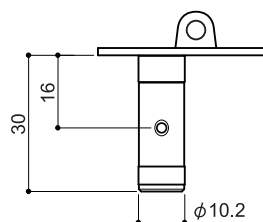

KO-GA is a traditional Japanese term meaning outstanding elegance. We are please to introduce the first of the "Premium line KO-GA", the KG01-CA.

We carefully reviewed the structure of traditional classical tuners and designed a new bearing structure which achieves greater concentricity and enhances durability. The KG01-CA also takes advantage of a unique carbon material pattern to become a new concept, a neo-classical tuner. KO-GA is the beginning of a new era of outstanding guitar hardware, unconstrained by the limits of convention.

### Base Plate and Shaft Dimensions

### Button Option

(Actual size ratio : about 60%)
